## LOCAL HAPPENINGS.

There was a hegira of Tombstone attorneys to Tucson this week, to be in attendance upon the Supreme Court.

The streets of Tombstone presented a livelier appearance this week than they have in three years. The boom is fast approaching.

Mr. George N. Gage received a painful injury by getting something in one of his eyes while working in the Grand Central assay office last Wednesday.

The suit of the United States against the Mountain Maid Mining Company, to set aside the patent, will be heard in the United States Court in Tucson on the 31st of October.

The Ladies Aid Society of the M. E. church will meet next Thursday at the residence of Mrs. Eccleston. Election of officers will take place and a full attendance is requested.

The EPITAPH acknowledges the receipt of \$4 from Governor Safford, and will take pleasure in finding its way weekly to Tarpon Springs, Florida, where he now resides.

In the suit of James Reilly against C. S. Clark, to determine the question as to which had the lawful right to act as administrator of the estate of W. J. Baldridge, deceased, the Supreme Court has affirmed the decision of the Court below in favor of C. S. Clark as administrator.

Two alarms of fire were turned on this week, one being caused by an exploded lamp in Israel's bookstore, Tuesday night, causing slight damage, and the other on Wednesday night, three Chinese shanties on Allen street, which were totally destroyed. The firemen in each case were promptly upon the scene and did effective work.

The Tombstone Public Library is an institution on which deserves better patronage than it is receiving. It is well selected, and contains more than 300 volumes. It is now at the residence of Mr. Robt. Eccleston, corner of Fourth and Bruce streets, where books can be procured Wednesdays and Saturdays. Membership fee only 50 cents per month.

The stockmen of southern Arizona are discussing the proposition of driving their cattle to Deming and shipping from that point to the eastern markets. The fine pasturage all through southern Arizona makes it possible for them to make this drive without depreciating the weight of cattle in the least. So it seems the cattlemen of southeastern Arizona are not compelled to ship their cattle to California.—Star.

The EPITAPH has received from Col. Chas. D. Poston, a copy of the prospectus of the Sierra Madre Exploring and Mining Company. The officers are Murat Masterson, President; Chas. D. Poston, Manager; Mose V. Stevens, Secretary; John I. Ginn, Geologist; John W. Baker, Chief Prospector; Geo. W. Baker, Mining Engineer. The purpose of the organization, is to discover, obtain and work mines in the Sierra Madres of Northern Mexico. The company will outfit at Deming.

It is understood the Tempe Town Company have decided not to build their hotel this winter, as it would hardly be completed before hot weather comes again. It is expected, however, that it will be ready for occupancy by the time the boom strikes the Salt river country next fall. The EPITAPH ventures to predict that in a year's time, such an investment as the proposed hotel would pay better here than in Tempe. Tombstone has a climate, both in summer and winter, that should make it celebrated, leaving out of the question the fact that here are the best mines in the world and the camp has tributary to it the best grading lands.

The custom-house officials seized about 200 head of cattle this week, that were driven from Sonora to the West Huachuca in the sound-up, and arrested Colin Cameron, H. L. Hilderbrand, Sidney Thomas and James Southerland, for an alleged attempt to evade payment of duty. Deputy U. S. Marshal Kelton made the arrest. The case came up before Commissioner English at 10 o'clock today, and is progressing as the EPITAPH goes to press. The matter is one of vital importance to cattlemen living along the border, and will be watched with great interest.

Mrs. J. A. Rokohl was on Friday morning found dead in her bed, at her residence in this city. An inquest was held yesterday, and the verdict was that death was caused by heart disease. Her husband, who is familiarly known as "Gus Williams," is at present in Los Angeles. Deceased was a daughter of Ex-Sheriff Pete Gabriel, of Pinal county, and leaves a little girl. The funeral will take place to-morrow under the auspices of the P. O. S. of A., of which order her husband was a member. Her mother arrived on the stage this morning from Lordsburg, N. M.

Dr. G. Goodfellow was suddenly called to San Diego county Cal., this week by news of the serious illness of his father, Milton J. Goodfellow, who died before the Doctor's arrival. He was 63 years of age. The remains were taken to Oakland for burial. Deceased was a member of King Solomon Lodge F. & A. M., of this city, and was highly respected.

Mr. Colin Cameron is in the city for the purpose, among other things, of being present at the wedding of his sister-in-law, Miss Mary M. Smith, to Mr. Harry K. Hilderbrand, which took place at the Occidental Hotel last evening. Rev. George L. Pearson performed the ceremony.

In the case of Pasquale Nigro for keeping a dance house, tried yesterday before Justice Easton, the defendant was fined fifty dollars and costs, from which verdict he took an appeal to the District Court.

Mrs. F. S. Earle, who has been visiting her many friends in this city for the past two weeks, has been the recipient of much social attention, among which were two lunch parties and a reception. She left yesterday to join her husband in Tempe. She was accompanied by Mr. Frank C. Earle.

On Wednesday next Mr. Richard Rule, Secretary of the Prison Commission, will be united in marriage to one of Tombstone's most esteemed young ladies, Miss Edith Anderson. The same day the newly wedded pair will take their departure for their Yuma home. The EPITAPH will assume the liberty of being the first to wish them a prosperous and happy future.

## MINING MATTERS.

In making his regular rounds of the district with the object of mining items, an EPITAPH reporter was singularly unfortunate yesterday in failing to meet the superintendents of the various properties now working, and hence the report is necessarily limited. He however observed the same activity on the surface as heretofore noted.

## LUCKY CUSS.

The new shaft is now down 75 feet in quartzite. Three shifts of as good miners as can be found in the camp are at work, but on account of the hard ground slow progress is being made. It will require 250 feet of depth to catch the ore body developed below.

## LITTLE BONANZA.

This property, owned by J. J. McClellan and A. Y. Young, is situated near the limekiln, northeast of town, in a region which has heretofore attracted but little attention. Lately, however, a well-defined ledge of good grade ore has been developed which gives promise of great value.

## GRAND CENTRAL.

The solid masonry for the massive hoisting machinery is now completed, with the exception of leveling up, and will be ready the coming week for the reception of the engines. The work is progressing as rapidly as substantial workmanship will warrant. The same activity prevails around the old works as formerly noted. Work on the various properties of the company progresses as usual.

## OLD GUARD.

Grade for the new mill was completed yesterday. The machinery for the same is all on the ground, and the work of erection will begin at once. The shaft house is finished and ready for the hoisting machinery, which was shipped from San Francisco on the 27th ult. Work of enlarging the main shaft is progressing favorably. It is now double compartment to a depth of 130 feet, leaving about 100 feet to be enlarged.

## OMEGA.

The rich ore struck last week in the mine from the 100 level continues to widen out as depth is attained. The mine is now down 30 feet, and the bottom is all in ore. The drift towards shaft No. 2 is in 30 feet, with good indications.

## TERRITORIAL TOPICS.

On account of lack of funds, work on the Florence canal has been suspended. Over forty miles of the Mineral Belt road is completed and ties distributed for ten miles more.

J. H. Behan, of Tombstone, has been made assistant superintendent of the territorial prison at Yuma.

Attorney-General Goodrich has commenced suits against the old Insane Asylum Commissioners and their bondsmen.

Hardeeman, of Fort Bowie, who succeeded in capturing Lieut. Richards and troop of Fort Huachuca, has himself come to grief, being captured by Capt. Mason in the Rincon mountains.

Not only lumber, but firewood and sandstone, are being shipped from the county of Yavapai, Arizona, to the principal cities of California. The sandstone is taken from a fine quarry near Flagstaff.

The first bees ever brought to Arizona were brought from Los Angeles in 1869 by Gen. J. B. Allen. He started with six hives, but only succeeded in bringing through less than one quart. They are now very plentiful all over the territory.

The Silver King Company has shut down ten stamps temporarily, and will not employ any new men until hoisting works and other machinery has been placed in position at the North King shaft, which will probably be in about 30 days.

A Nogales special says: Great excitement prevails here over rich placer diggings discovered in the Blue mountains, south of this place. One nugget is valued at \$1,200. A Mexican came in with a sack of nuggets ranging in value at \$800 to \$1000. Many prospectors have gone to the scene of the discovery on foot, other parties going in vehicles. General Escalante and a party of capitalists leave to-morrow. Almost all the vehicles in town have been engaged. The range of mountains referred to in the dispatch are commonly known as the Sierras Azul and are located a short distance east of Imuris, Sonora. The old Cocopari placers are situated at their base.

## Quarantine Proclamation

EXECUTIVE DEPARTMENT,  
OFFICE OF THE GOVERNOR.

Whereas, the Live Stock Sanitary Commission of the Territory have officially certified that they have reason to believe that conditions have existed and continue to exist which render animals of the bovine species from the continent of Europe and the Republic of Mexico liable to convey disease, and request a quarantine to be established against said localities.

Now, therefore, I, C. Meyer Zulick, Governor of the Territory of Arizona, by virtue of the authority of law in me vested, do hereby order, establish and declare a Quarantine, to take effect immediately, against the Continent of Europe and the Republic of Mexico, on all bovine cattle from said localities coming into the Territory of Arizona, unless they are quarantined at the ports of entry prescribed by the Rules and Regulations of the Live Stock Sanitary Commission of Arizona, for a period of NINETY DAYS, and retained there until they shall receive a certificate of health signed by the Veterinary Surgeon of the Territory of Arizona, or some duly authorized deputy under him.

In testimony whereof, I have hereunto set my hand and caused the Great Seal of the Territory to be hereto affixed.
